Renewal of agreements

EU Supply (LSE AIM: EUSP), the e-procurement software provider, is pleased to announce that the Company has renewed its distribution agreement with CTM Solutions BV in the Netherlands for a minimum of 3 years. This agreement originates from 2007 and is on a revenue share basis. As part of the renewal, the Group will also deliver certain services for approximately €75,000.

The Group has also received notice from the Minister for Public Expenditure and Reform in Ireland executing their option to extend the existing agreement between the parties until May 2020.

In addition, the Group has received an intention to award for a 3-year agreement (plus the option to extend for 1 year) with existing customer Fællesudbud Sjælland (a consortium comprising over 15 Danish municipalities). The intention to award also includes the option for additional municipalities to use the Group’s CTM™ platform. This renewal confirms the Group’s strong market position in Denmark.

Martin Kilbane, eProcurement Lead, Office of Government Procurement, commented
“We are pleased with the service received from EU Supply in respect of their platform CTM™. It has added significant value to public procurement for public sector bodies in Ireland. We now look forward to working with EU Supply for another 3 years to meet Ireland’s needs in relation to electronic procurement and to be compliant with the European Union’s procurement directives and National legislation.”
